Dear Ms. Brennan,

Enclosed is the piece of pottery that we found at our store, located in Santa Paula, California and the newspaper article that was placed inside of it.

As I am sure my Store Manager explained, we have no idea who donated it. However, if it turns out to be a legitimate artifact, you are welcome to keep it for your collection. We only ask that you let us know whether or not it is real, as we would like to run a story in our local newspaper.

Best wishes for a successful outcome. If it is legitimate, it would be very gratifying to know that we put the artifact back in its rightful place.

Sincerely,

Katherine A Leahy
